

Will You Be My Valentine (Elementor Addon)

Express your feelings in a fun and light-hearted way with our special Valentine's Day shortcode. Whether you're sending a virtual card or planning a surprise, this shortcode adds a touch of humor to the moment.

Key Features

- Add shortcode with 2 funny buttons for Valentine's Day.
- Depending on the selected option (Yes/No) You can choose to show a different content to the user that select the options.
- Send your message with phone/mail buttons
- Compatible with Elementor.
- Easy Installation, Setup & easy to use options.
- Fully translatable into any language.

Plugin Installation

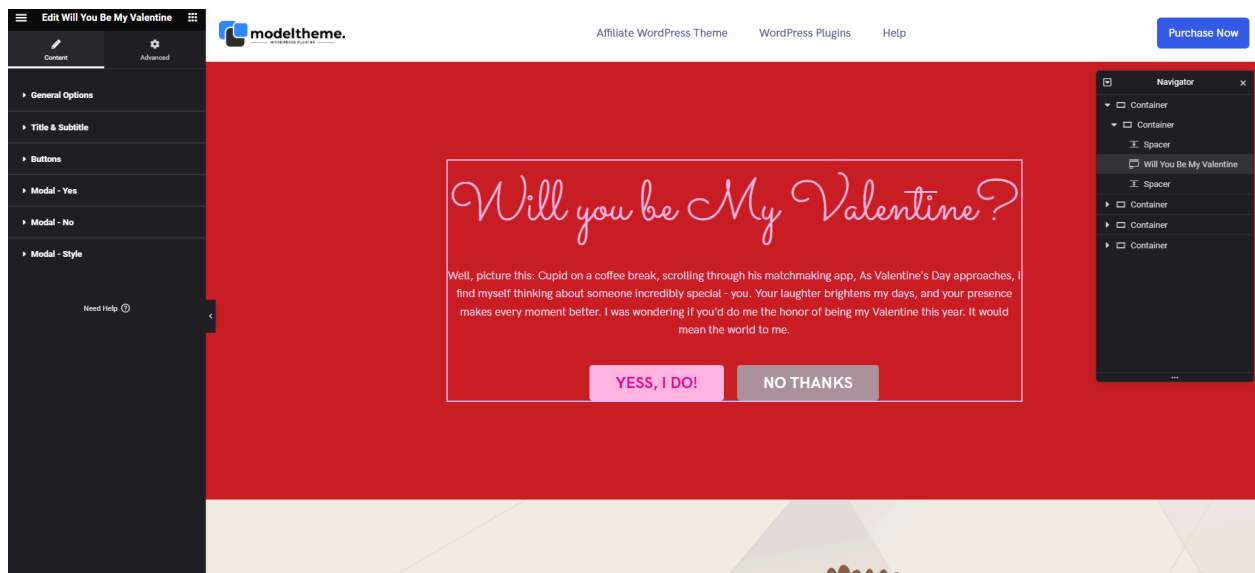

- Log into your WordPress dashboard
- Navigate to **Plugins > Add New**
- Click on the "Upload Plugin" button and select **will-you-be-my-valentine.zip**
- Click Install Now
- Click Activate

How to Import Demo Data

1. Login to your WordPress
2. Go to Dashboard > Tools > Import > WordPress
3. Import the xml provided into the downloaded package from themeforest in `plugin_package/demo-data/content.xml`

Usage (Elementor)

The plugin has no settings panel. It is plug-and-play. Simply go to your Elementor Editor and search for the “AirBnB Property Availability Checker” widget.

Here you have the following options:

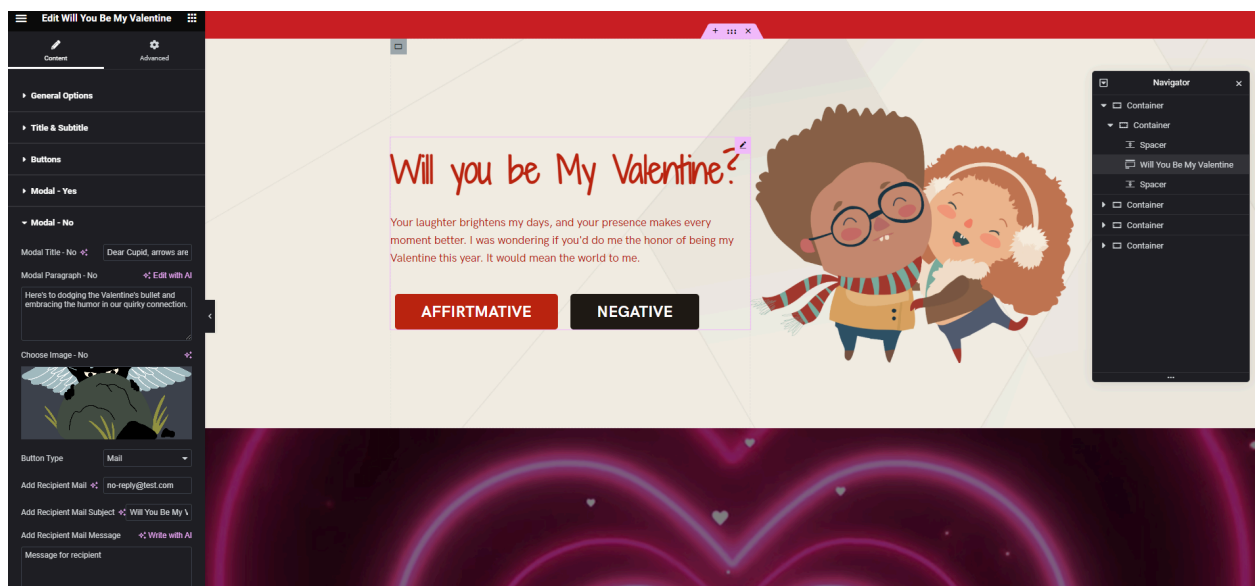

General Options - you can modify the alignment of shortcode and width of modal.

Title & Subtitle - you can add title/subtitle and you can modify them, from the color to font options.

Buttons - you can change the label of buttons and color of background and text for them

Modal | Yes - you can add options for text and content, add funny picture or gif and edit redirect buttons, you can choose between mail button or phone button

Modal | No- you can add options for text and content, add funny picture or gif and edit redirect buttons, you can choose between mail button or phone button

Usage (As Shortcode)

The plugin can also be added in any text widget or shortcode block or used with the `do_shortcode()` function on any page template.

```
[wybmv-builder-shortcode shortcode_alignment="left" title="Will You Be My
Valentine?" show_subtitle="yes" subtitle="Please, I want you to be my
Valentine" button_yes="Yes" button_no="No" title_color="#000000"
